Dylan,

Summarized nicely. Thanks.

Subject: Pneumatic Controllers

Natalie,

I am writing this email to document our brief phone conversation this morning regarding the necessary details to accompany the list of pneumatic controllers to be submitted as part of the EPA's Request for Information. As discussed and agreed upon, Savoy will submit the list of pneumatic controllers without specifying the device's bleed rate. If the EPA deems at a later date that this information is required, Savoy will research this information and provide it then.

Thank you for taking my call and providing guidance on this question.

Sincerely,

Dylan Foglesong
